Weber County 4-H is already well on its way of meeting our 4-H membership goal of 1,000 4-H club members by 2010. Last year our club membership grew to 590, up nearly 200 members from the year before! At this rate, not only will we meet our membership goal, we will probably exceed it. THANK YOU for all your efforts to help us grow and share this exciting program with new families!

4-H Discovery Nights are one important way for us to promote 4-H clubs. At 4-H Discovery Night, we invite parents and children to attend a program to learn about 4-H. While the parents learn about 4-H, their children get to experience 4-H's learn-by-doing philosophy by making simple projects.

We have the following 4-H Discovery Programs planned:

- Thursday, February 12 (6-8 p.m.), Ogden Valley Library (131 S 7400 E, Huntsville)
- Thursday, February 19 (6-8 p.m.), North Ogden Library (475 E 2600 N, North Ogden)
- Plain City - To Be Announced (Feb/March)
- Hooper – To Be Announced (Feb/March)

Call Donna if you would like to assist with any

of these events. In fact, this would provide great leadership and community service opportunities for Junior High and High School youth and adults! Potential adult and youth volunteer roles could include:

- 1) distributing flyers and/or door hangers to promote the program
- 2) personal visits or calls inviting local families to attend the program
- 3) leading children in simple make n' take projects while parents learn about organizing a 4-H club (supplies provided)
- 4) serving as a host or hostess, greeting families, serving refreshments, and helping with set up/clean up
- 5) giving a short (about 2 minute) presentation about your 4-H experience or project

4-H Pledge:

I pledge...

My **HEAD** to clearer thinking

My **HEART** to greater loyalty

My **HANDS** to larger service, and

My **HEALTH** to better living

For my club, my community, my country, and my world.

4-H Livestock Testing Program

Getting involved in the livestock testing program is easy. It is a GREAT way to improve your livestock knowledge, help you excel in showmanship classes, and improve your portfolio.

- Open to youth in 3rd – 12th grades. Club leaders/parents have asked if they can participate too. Although it would be "just for fun" and not for awards, the answer is YES.
- Youth are tested each month on a specific chapter of their 4-H livestock resource manual. Manuals available for purchase from the 4-H office. This is a great way to use your Clover Bucks!
- Come to the 4-H office to take the test on any day the office is open from the 15th through the end of the month.

- To be eligible for a medal, compete in at least three months of tests for the same species.
- Youth are tested on the livestock species of their choice: swine, beef, sheep, dairy, or goats.
- Each test has about 15 questions. Most youth drop by after school and complete a test in about 10 minutes.

AWARDS:

- Each participant's high three test scores for a specific species will be totaled.
- The top three youth in EACH species in EACH grade division (junior, intermediate, and senior) will be honored at the Weber County Fair. **What a GREAT way to impress your buyer!**

- 1st, 2nd and 3rd place awards include gold, silver and bronze medals and premiums of \$15, \$10 & \$5 respectively.

Congratulations to our November high test scores:

Juniors:
Sheep – Kylie Felter

Intermediates:
Swine – Savanna Steed

State Junior Livestock Shows & Utah State Fair

Utah offers many state-sponsored junior livestock shows. All of these shows are governed by the Utah State Junior Livestock Show Association Rules. The rules are posted at www.webercounty4-H.org (go to Featured Programs > Junior Livestock). ***It is very important to follow the rules carefully; non-compliance can result in disqualification, forfeiture of sales money, and/or criminal prosecution.***

TAGGING DEADLINES:

- To be eligible to show at any of the state Junior Livestock Shows, or to show at the Utah State Fair, your animal must be tagged with a state tag (*this is different from the Weber County Fair tag*).
- The tagging deadline for state shows **differs** from the Weber County deadline. To be eligible to exhibit a project animal at a Utah State Junior Livestock show or the Utah State Fair show, the minimum tagging deadline is beef (100 days); swine and sheep (60 days).
- All animals should be tagged on the Weber County tagging dates in May/June. However, if you plan to participate in the Spanish Fork, Delta or Vernal Shows (which have an earlier tagging deadline), you will need to have

your animal tagged before the regular county tagging.

NUMBER OF ANIMALS TAGGED: Utah rules state, "Exhibitors may tag **ONE** extra animal per species for each show period." Youth will declare which state show the animal is being tagged for at tagging.

ENTRY FORMS: The entry forms for each show are available from the 4-H office, and also posted on the county website. Please note that the Uinta Basin (Vernal) show utilizes a different entry form.

- Entry forms for state shows must be post-marked no later than 30 days prior to the show.
- The animal must be tagged and the entire entry form completed (listing the tag number and exhibitor) before the 4-H Extension Agent will sign it. The agent's signature verifies that the animal is an eligible project animal and was tagged the minimum days required.

CODE OF ETHICS: State rules provide detailed guidelines for the feeding, care, and fitting of animals. As an exhibitor you are held accountable for knowing

and following these rules (posted on county website), and are subject to the consequences of non-compliance. Membership privileges can be revoked for both 4-H youth and 4-H leaders for unethical behavior.

AUCTION: You may show your animal (excluding hogs) at more than one show; however once your animal goes through the auction at any show, it is no longer eligible to be exhibited in any show.

SHOW DATES: The dates for the 2009 Utah Junior Livestock Shows are:

- Utah State Junior Livestock Show, Spanish Fork: April 29-May 2
- Millard County Junior Livestock Show, Delta: May 25-28
- Uinta Basin Junior Livestock Show, Vernal: June 1-4

Need \$100?

Weber County 4-H has kicked off its 2008-09 4-H Alumni Identification Contest. Our

goal? To identify as many adults living in Weber County who were 4-H members as children. Why? *The purpose of this contest is: 1) to increase the pool of potential judges for county 4-H contests, 2) to prepare for the upcoming 100th celebration of Utah 4-H, and 3) to reconnect with our alumni and keep them informed of the exciting growth that is happening in Weber County 4-H. Identified alumni will occasionally be invited to judge county 4-H contests, receive an alumni newsletter, and be informed of alumni activities. **Alumni WILL NOT be solicited for donations.***

CONTEST ELIGIBILITY: Any Weber County 4-H member (grades 3-12) is eligible to participate in this contest.

CONTEST PRIZE:

- The member who identifies the most 4-H alumni will receive a \$100 Life Skills Incentive.
- If the member identifying the most alumni does not identify at least 25

alumni, no cash award will be presented.

- If two or more members tie in the number of alumni they identify each will be awarded the \$100 Life Skills Incentive (again, no cash award will be presented unless the member identifies at least 25 alumni).
- A Life Skills Incentive can be used:
 - * to buy any resource that supports the member in his 4-H project (camera, art supplies for an art project, horse supplies for a horse project, livestock equipment for a livestock project, etc.).
 - * to pay for any 4-H event (such as State Contests, TLT, JYC, Aggie Camps, National Round Up, etc.)
 - * to buy any resources from the 4-H office (manuals, t-shirts, enrollment fees, etc.)

GUIDELINES: The rules are simple:

1. Ask every adult you know if they were a 4-H member when they were a child.
2. If they were, have them **completely** fill out an alumni identification form. Alumni forms are available from the 4-H office. Under the question, "Year in 4-H", we are asking for which year (for example:

1978-1980) not the number of years.

3. Write your full name and club name on the back of the form (so we know who gets "credit" for identifying the alumni). Forms submitted without a member's name will not be "credited."
4. Return the completed alumni registration form to Wendy Rees, 4-H Office Specialist as soon as possible after the form is completed. The 4-H office will send the alumnus a letter and a alumni car decal.
5. Only adults who currently live in Weber County may be counted. It doesn't matter which state they lived in when they were in 4-H as long as they now live in Weber County.
6. **Only one person will get "credit" for identifying the alumnus – no half credit/no shared credit.** The first person submitting the completed registration form to the 4-H office will receive the credit.
7. Alumni already identified will not count.
8. The contest starts now and will continue until October 15, 2009.
9. **QUESTIONS:** Call Donna Carter, 4-H Extension Agent, at (801) 399-8209.
